

Student Time Log

return with Module 1B final exam

This program is designed with the expectation that each lesson typically takes 5–5.5 hours to complete, assuming that students skim some selections and read others more in depth. This log is optional, and does not affect your grade. However, if you have a reasonable estimate, it would help us improve the study program if you could indicate (1) the Total Hours (including tapes, reading, study questions, language work, etc.), (2) the hours spent in reading, and (3) the time spent on language lessons (including exegesis using Hebrew). Thank you for helping us in this way!
